**Nevada Recreational and Medical Cannabis Sales Now Delivery Only – Virtual Delivery
Vehicle Inspections in Place to Meet Demand**

Carson City, Nevada - Per the Declaration of Emergency issued today by Governor Steve Sisolak, licensed cannabis retail stores and medical dispensaries will be required to shut down all public store fronts by midnight tonight. Legal cannabis sales will continue but will be available by delivery only.

To address any increase in demand for delivery services, the Marijuana Enforcement Division (MED) has implemented new virtual delivery vehicle inspection procedures to allow cannabis licensees to meet any increase in market demand for cannabis delivery.

CURBSIDE PICKUP WILL **NOT** BE PERMITTED.

Cultivation facilities, production facilities, distributors, and independent testing facilities will be allowed to continue operations while following strict social distancing guidelines as part of the necessary cannabis supply chain operations.

The MED in conjunction with the Cannabis Compliance Board (CCB) will continue to update licensees and the public as information or guidance changes.
