**Re: Petition to Request Repeal or Amendment of NCCR 12.065**

To Whom It May Concern:

I am writing on behalf of my clients, Integral Cultivation, LLC and CCLV Manufacturing Center LLC. Integral Cultivation, LLC and CCLV Manufacturing Center LLC respectfully request that the following language be stricken from NCCR 12.065:

**12.065 Cannabis treated with radiation.** If any cannabis or cannabis product has been treated with radiation at any time, any and all packaging of the irradiated cannabis or cannabis product must include labeling that contains the following statement: "NOTICE: This product contains ingredients that have been treated with irradiation" in bold lettering, along with the Radura symbol as used by the U.S. Food and Drug Administration.

The language should be stricken for the reasons set forth in the petition submitted by RAD Source Technologies.

Thank you for your time and consideration.
