Executive Director

Public Health and Safety Advisory 2021-01

The Nevada Cannabis Compliance Board (CCB) is hereby issuing Public Health and Safety Advisory 2021-01 on February 20, 2021 advising consumers and patients to avoid consuming cannabis which is the subject of this notice.

The affected cannabis, listed below, failed secondary microbial testing conducted by an independent testing laboratory. The results for the failed microbial testing are as follows:

Product	Batch/ Lot	Testing Failed	Results	Allowable Limit
BUDS - GELATO GLUE - 122320B86 - ABGG02	122320B86 - ABGG02	Total Yeast and Mold	955,600 CFU/g	10,000 CFU/g
BUDS - LAST OG - 122320B86 - ABLOG01	122320B86 - ABLOG01	Total Yeast and Mold	41,700 CFU/g	10,000 CFU/g

The CCB is advising consumers who have purchased the affected cannabis to avoid consuming the products. Consumption of the affected cannabis should particularly be avoided by individuals with suppressed immune systems.

It is believed the affected cannabis was sold in the form of flower and pre-rolls between January 27, 2021 – February 19, 2021 by the following Retail Stores/Medical Dispensaries:

1. GBS Nevada Partners LLC dba ShowGrow, 4850 S Fort Apache Rd #100, Las Vegas, NV 89147 (license # 21647298952036123142)
2. D H Flamingo Inc dba The Apothecary Shoppe, 4240 W Flamingo Rd #100, Las Vegas, NV 89103 (license # 01359449685112111637)
3. CWNevada LLC dba Wallflower Cannabis House, 6540 Blue Diamond Rd, Las Vegas, NV 89139 (license # 23003643426806888206)
4. Greenleaf Wellness Inc. dba Greenleaf Wellness, 1730 Glendale Ave Sparks, NV 89431 (license # 81154974231636348055)
5. Serenity Wellness Center LLC dba Oasis Cannabis Dispensary, 1800 S Industrial Rd #180, Las Vegas, NV 89102 (license # 55910347793434478299)

All cannabis and cannabis products properly sold by a licensed store or dispensary should have a product label on the packaging. The batch and lot number can be found on the label, typically near the top, directly below the facility information.

There are no known reports of illness. Health impacts from yeast and mold may exist. The Centers for Disease Control and Prevention does have general information on how these contaminants can affect people.

<https://www.cdc.gov/mold/faqs.htm#affect>. Consumers with concerns about their personal health should contact their physician with related questions.

There is no reason to believe that the dispensaries or the cultivator Nevada Group Wellness LLC (license # 28729875179355972226) had any knowledge that the products exceeded allowable limits. The affected products were initially tested by Canalysis Nevada LLC (license # 90819874921757720702) and passing results were provided to the cultivator.
