

NCCR Requirements on Security

6.085 Required security measures, equipment and personnel; location of outdoor cultivation facility must allow for response by local law enforcement.

1. To prevent unauthorized access to cannabis at a cannabis establishment, the cannabis establishment must have:

- (a) One single secure entrance of the physical building;
- (b) No visible cannabis or cannabis products from outside the establishment.
- (c) Security equipment to deter and prevent unauthorized entrance into limited access areas that includes, without limitation:
 - (1) Devices or a series of devices to detect unauthorized intrusion, which may include a signal system interconnected with a radio frequency method, such as cellular or private radio signals, or other mechanical or electronic device, and which, for a cannabis cultivation facility which engages in outdoor cultivation, covers the entirety of the cultivation area and the perimeter and exterior area of the cannabis cultivation facility;
 - (2) Exterior lighting to facilitate surveillance which, for a cannabis cultivation facility which engages in outdoor cultivation:
 - (I) When the lighting would not interfere with the growing cycle of a crop, covers the entirety of the cultivation area and the perimeter and exterior area of the cannabis cultivation facility; and
 - (II) When the lighting would interfere with the growing cycle of a crop, covers the perimeter and exterior area of the cannabis cultivation facility;
 - (3) Electronic monitoring, including, without limitation, each of the following:
 - (I) At least one call-up monitor that is 19 inches or more;
 - (II) A printer capable of immediately producing a clear still photo from any video camera image, which photo must be provided to the Board or Board Agents for review upon request;
 - (III) Video cameras with a recording resolution of at least 1920 x 1080, or the equivalent, at a rate of at least 15 frames per second which provide coverage of all entrances and exits of the building, any room or area that holds a vault and any point-of-sale location, which record 24 hours per day, which are capable of being accessed remotely by a law enforcement agency in real time upon request and which may record 52 motion only. A video camera providing coverage of a point-of-sale location must allow for the identification of any person purchasing cannabis;
 - (IV) Video cameras with a recording resolution of at least 720 x 480, or the equivalent, at a rate of at least 15 frames per second which provide coverage of all limited access areas not described in sub-subparagraph (III) and any activity in or adjacent to the establishment, which record 24 hours per day, which are capable of being accessed remotely by a law enforcement agency, the Board, and Board Agents in real time upon request, which may record motion only and which, for a cannabis cultivation facility which engages in outdoor cultivation, cover the entirety of the cultivation area and the perimeter and exterior area of the cannabis cultivation facility;
 - (V) A video camera which is capable of identifying any activity occurring within the cannabis establishment in low light conditions 24 hours per day;
 - (VI) A method for storing video recordings from the video cameras for at least 30 calendar days in a secure on-site or off-site location or through a service or network that provides on-demand access to the recordings and providing copies of the recordings to the Board and Board

Agents for review upon request, on portable, external hard drives or other media as directed by the Board or Board Agents, at the expense of the cannabis establishment, and within a reasonable time frame as determined by the Board or Board Agents;

(VII) A failure notification system that provides an audible and visual notification of any failure in the electronic monitoring system; and

(VIII) Sufficient battery backup for video cameras and recording equipment to support at least 5 minutes of recording in the event of a power outage;

(4) Immediate automatic or electronic notification to alert local law enforcement agencies of an unauthorized breach of security at the cannabis establishment in the interior of each building of the cannabis establishment; and

(5) For a cannabis cultivation facility which engages in outdoor cultivation:

(I) An alarm system and video cameras which are monitored 24 hours per day;

(II) An exterior barrier, determined to be appropriate by local law enforcement, which is located around the perimeter of the cannabis cultivation facility and which consists of a solid block wall or chain link fence with a height of at least 8 feet and an additional fence with a height of at least 8 feet located at least 10 feet and not more than 20 feet inside of the solid block wall or chain link fence; and

(III) A secure brick and mortar building which is approved by the appropriate Board Agent as suitable to dry and store cannabis and which meets the security and sanitation requirements for a cannabis cultivation facility which engages in indoor cultivation of cannabis.

(d) Policies and procedures:

(1) That restrict access to the areas of the cannabis establishment that contain cannabis to persons authorized to be in those areas only;

(2) That provide for the identification of persons authorized to be in the areas of the cannabis establishment that contain cannabis;

(3) That prevent loitering;

(4) For conducting electronic monitoring;

(5) For the use of the automatic or electronic notification to alert local law enforcement agencies of an unauthorized breach of security at the cannabis establishment;

(6) For limiting the amount of money available in any retail areas of the cannabis establishment and for training employees on this practice;

(7) For notifying the public of the minimal amount of money available, which may include, without limitation, the posting of a sign;

(8) For maintaining communication with law enforcement agencies; and

(9) For providing and receiving notifications regarding burglary, attempted burglary, robbery, attempted robbery and other suspicious activity.

2. Each video camera used pursuant to subparagraph (3) of paragraph (a) of subsection 1 must:

(a) Include a date and time generator which possesses the capability to display the date and time of recorded events on the recording in a manner that does not significantly obstruct the recorded view; and

(b) Be installed in a manner that will prevent the video camera from being readily obstructed, tampered with or disabled.

3. A cannabis establishment shall make a reasonable effort to repair any malfunction of security equipment within 72 hours after the malfunction is discovered. A cannabis establishment shall notify the Board and local law enforcement within 24 hours after a malfunction is discovered and provide a plan of correction. Failure to correct a malfunction within 72 hours after the malfunction is discovered is a violation of this section.

4. If a video camera used pursuant to subparagraph (3) of paragraph (a) of subsection 1 malfunctions, the cannabis establishment shall immediately provide alternative video camera coverage or use other security measures, such as assigning additional supervisory or security personnel, to provide for the security of the cannabis establishment. If the cannabis establishment uses other security measures, the cannabis establishment must immediately notify the Executive Director, and the Executive Director will determine whether the other security measures are adequate.

5. Each cannabis establishment shall maintain a log that documents each malfunction and repair of the security equipment of the cannabis establishment pursuant to subsections 3 and 4. The log must state the date, time and nature of each malfunction, the efforts taken to repair the malfunction and the date of each effort, the reason for any delay in repairing the malfunction, the date the malfunction is repaired and, if applicable, any alternative security measures that were taken. The log must also list, by date and time, all communications with the Board, Board Agents or Executive Director concerning each malfunction and corrective action. The cannabis establishment shall maintain the log for at least 1 year after the date of last entry in the log.

6. Each cannabis establishment must employ a security manager or director who must be responsible for:

(a) Conducting a semiannual audit of security measures to ensure compliance with the state procedures of the cannabis establishment and identify potential security issues;

(b) Training employees on security measures, emergency response and robbery prevention and response before starting work and on an annual basis; and

(c) Evaluating the credentials of any third party who intends to provide security to the cannabis establishment before the third party is hired by or enters into a contract with the cannabis establishment.

7. Each cannabis establishment shall ensure that the security manager or director of the cannabis establishment, at least one employee of the cannabis establishment or the employees of any third party who provides security to the cannabis establishment has completed or will complete within three months of being hired, to be proven by written attestation from the employee and the training officer, the following training:

(a) Training in theft prevention or a related subject;

(b) Training in emergency response or a related subject;

(c) Training in the appropriate use of force or a related subject that covers when the use of force is and is not necessary;

(d) Training in the use and administration of first aid, including cardiopulmonary resuscitation;

(e) Training in the protection of a crime scene or a related subject;

(f) Training in the control of access to protected areas of a cannabis establishment or a related subject;

(g) Not less than 8 hours of on-site training in providing security services; and

(h) Not less than 8 hours of classroom training in providing security services. 8. A cannabis cultivation facility which engages in the outdoor cultivation of cannabis must be located in such a manner as to allow local law enforcement to respond to the cannabis cultivation facility within 15 minutes after being contacted unless the local law enforcement agency determines some other response time is acceptable.

13.020 Storage area for cannabis and cannabis products; verification of inventory; inspection by Board.

1. Each cannabis distributor shall maintain a storage area for cannabis and cannabis products which includes at least one area which is temperature controlled. The area which is temperature controlled shall be maintained in a

commercial food grade unit which is kept at a temperature of less than 41°F (5°C) while storing potentially hazardous cannabis products.

2. The storage area for cannabis and cannabis products maintained pursuant to subsection 1 must be a separate, enclosed, locked facility. Products unrelated to the business of the cannabis distributor, including, without limitation, products containing alcohol, must not be stored with cannabis or cannabis products. Within the storage area, cannabis or cannabis products may only be stored in a secure, locked device, cabinet, room or motor vehicle within the storage area which is protected by a lock or locking mechanism that meets at least the security rating established by Underwriters Laboratories for key locks.

3. If a cannabis distributor experiences an unusual or extraordinary circumstance beyond its control as part of its normal business operations in providing transportation of cannabis or cannabis products and the cannabis distributor determines that it is necessary to use its storage area for the temporary storage of cannabis or cannabis products, the cannabis distributor shall submit to the Board a notice of temporary storage of cannabis or cannabis products.

4. If a cannabis distributor determines the final delivery destination will exceed 100 miles and it is unreasonable to deliver the cannabis or cannabis product within one trip, the product may be stored for no more than 48 hours. All cannabis or cannabis product stored at a licensed cannabis distributor must be documented in the seed-to-sale tracking system.

5. A cannabis distributor shall not store cannabis or cannabis products for more than 48 hours without written consent from the appropriate Board Agent.

6. A cannabis distributor shall verify the inventory of a motor vehicle after the inventory is off-loaded into storage and before the inventory is on-loaded onto a motor vehicle from storage.

7. A cannabis distributor shall make its vehicles, premises, including, without limitation, its storage area, promptly available to the Board or Board Agents for inspection during normal business hours without notice or promptly upon request from the Board or Board Agents.

NRS Requirements on Security

NRS 678B.510 Operating documents; security measures; requirements for cultivation; allowing consumption of cannabis on premises prohibited; inspection; video monitoring system required; vending machines prohibited. [Effective July 1, 2020.]

1. The operating documents of a cannabis establishment must include procedures:
 - (a) For the oversight of the cannabis establishment; and
 - (b) To ensure accurate recordkeeping.
 2. Except as otherwise provided in this subsection, a cannabis establishment:
 - (a) That is a cannabis sales facility must have a single entrance for patrons, which must be secure, and shall implement strict security measures to deter and prevent the theft of cannabis and unauthorized entrance into areas containing cannabis.
 - (b) That is not a cannabis sales facility must have a single secure entrance and shall implement strict security measures to deter and prevent the theft of cannabis and unauthorized entrance into areas containing cannabis.
- ↳ The provisions of this subsection do not supersede any state or local requirements relating to minimum numbers of points of entry or exit, or any state or local requirements relating to fire safety.
3. Except as otherwise provided in [NRS 678D.400](#), all cultivation or production of cannabis that a cannabis cultivation facility carries out or causes to be carried out must take place in an enclosed, locked facility at the physical address provided to the Board during the licensing process for the cannabis cultivation facility. Such an enclosed, locked facility must be accessible only by cannabis establishment agents who are lawfully associated with the cannabis cultivation facility, except that limited access by persons necessary to perform construction or repairs or provide other labor is permissible if such persons are supervised by a cannabis establishment agent.
 4. A cannabis establishment shall not allow any person to consume cannabis on the property or premises of the establishment.
 5. Cannabis establishments are subject to reasonable inspection by the Board at any time, and a person who holds a license must make himself or herself, or a designee thereof, available and present for any inspection by the Board of the cannabis establishment.
 6. Each cannabis establishment shall install a video monitoring system which must, at a minimum:
 - (a) Allow for the transmission and storage, by digital or analog means, of a video feed which displays the interior and exterior of the cannabis establishment; and
 - (b) Be capable of being accessed remotely by a law enforcement agency in real-time upon request.
 7. A cannabis establishment shall not dispense or otherwise sell cannabis or cannabis products from a vending machine or allow such a vending machine to be installed at the interior or exterior of the premises of the cannabis establishment. As used in this subsection, “vending machine” has the meaning ascribed to it in [NRS 209.229](#).

NRS 678C.460 Requirements concerning storage, removal and transportation of cannabis for medical use. [Effective July 1, 2020.]

1. At each medical cannabis establishment, medical cannabis must be stored only in an enclosed, locked facility.
 2. Except as otherwise provided in subsection 3, at each medical cannabis dispensary, medical cannabis must be stored in a secure, locked device, display case, cabinet or room within the enclosed, locked facility. The secure, locked device, display case, cabinet or room must be protected by a lock or locking mechanism that meets at least the security rating established by the Underwriters Laboratories for key locks.
 3. At a medical cannabis dispensary, medical cannabis may be removed from the secure setting described in subsection 2:
 - (a) Only for the purpose of dispensing the cannabis;
 - (b) Only immediately before the cannabis is dispensed; and
 - (c) Only by a cannabis establishment agent who is employed by or volunteers at the dispensary.
 4. A medical cannabis establishment may:
 - (a) Transport medical cannabis to another medical cannabis establishment or between the buildings of the medical cannabis establishment; and
 - (b) Enter into a contract with a third party to transport cannabis to another medical cannabis establishment or between the buildings of the medical cannabis establishment.
- (Added to NRS by [2019, 3827](#), effective July 1, 2020)
