Thank you for taking my public comment today and for an open and inclusive process!

1. Residency Requirements comment

a. Social equity applicant must have lived 5 years in Nevada within the last 10 years

b. This would target the Social Equity citizens/business owners that have invested in Nevada early

c. It would prevent companies with big money from traveling the states to get into social equity programs

d. Applicants that have lived in Nevada have a connection to the community it plans to serve and data shows that these applicants are more likely to hire and make their team members out of citizens that have lived in Nevada for 15+ years

2. Consideration of Criminal History for Applicants or Immediate Family Members comment

a. Applicants or Immediate family with a criminal history must be 3 years removed from conviction if felony drugs. If the conviction is a crime of violence applicant or Immediate family member, must be 7 years removed from conviction (convictions of Murder, Hate crimes, Sex crimes, crimes against children, or crimes of violence causing great bodily harm will not be considered for Social Equity)

Thank you for your time,

Paulmichael Burgess
