I. Introduction

The issues surrounding juvenile delinquency are complex and multifaceted. In particular, these issues may involve: education, family structure, mental health, social economics, and support systems. As a means to bring about a more positive impact towards reducing juvenile delinquency, each of these areas should continue to be addressed through programs, policies, and community organizations. Based on this premise, the Department of Juvenile Justice Services (DJJS) actively seeks collaborative partnerships with various government entities, community organizations, and the general public.

By increasing the involvement of stakeholders in the juvenile justice system of care, the objective is to develop and implement solutions that address the root causes of juvenile delinquency. By addressing the source of the issue, the intended byproduct is preventing the offense from occurring in the first place. In time, these proactive measures would thereby reduce the number of youth referrals to the DJJS.

In order to successfully identify the source of the issues, information sharing is critical. To effectively create solutions, stakeholders must make evidence-based decisions. With the juvenile justice information system (FamilyTRACS), the DJJS commits to providing its stakeholders with the relevant statistics necessary to make informed policy or program decisions. The following annual statistical report is one example of the department's commitment to sharing information.

The annual statistical report begins by providing background information on DJJS. Then the report illustrates how a case works its way through the department. Next, the report provides statistics related to the State of Nevada and Clark County. Finally, the remaining sections are devoted to a collection of reports that have been generated through the FamilyTRACS database.

The reports from the database were selected as a means to provide an overview to the juvenile justice system. The objective of this overview is to provide stakeholders with access to valuable information relating to the dynamics of juvenile delinquency in Clark County. Additionally, the summary may be useful in planning for additional services and improved processes throughout the system of care for our community's juvenile population. The reports are by no means all-inclusive. The report will continue to evolve, as there is a progressive demand for more information.

II. Department Information

The DJJS is a unique and complex public service agency that performs more than the traditional Juvenile Court functions of Probation and Detention. In particular, DJJS provides intervention services, guidance and control for youth referred to the department for acts of delinquency.

To accomplish its mission, the department consists of the following divisions: Administration, Detention, Probation, Clinical Services, and the Spring Mountain Youth Camp (SMYC).

The Administration Division is responsible for managing the daily business operations of the department. Daily operations would include Human Resources, Records, Financial Services, and responding to public inquiries. Along with daily operations, this division is responsible for the Payment Center, which receives payments for court ordered fines, fees, restitution and custodial reimbursements. Also, under Administration is the Applications Technology & Research Unit, tasks to the development and support of the information technology needs of the department. The ART unit also maintains and generates data for statistical, performance, and management reporting.

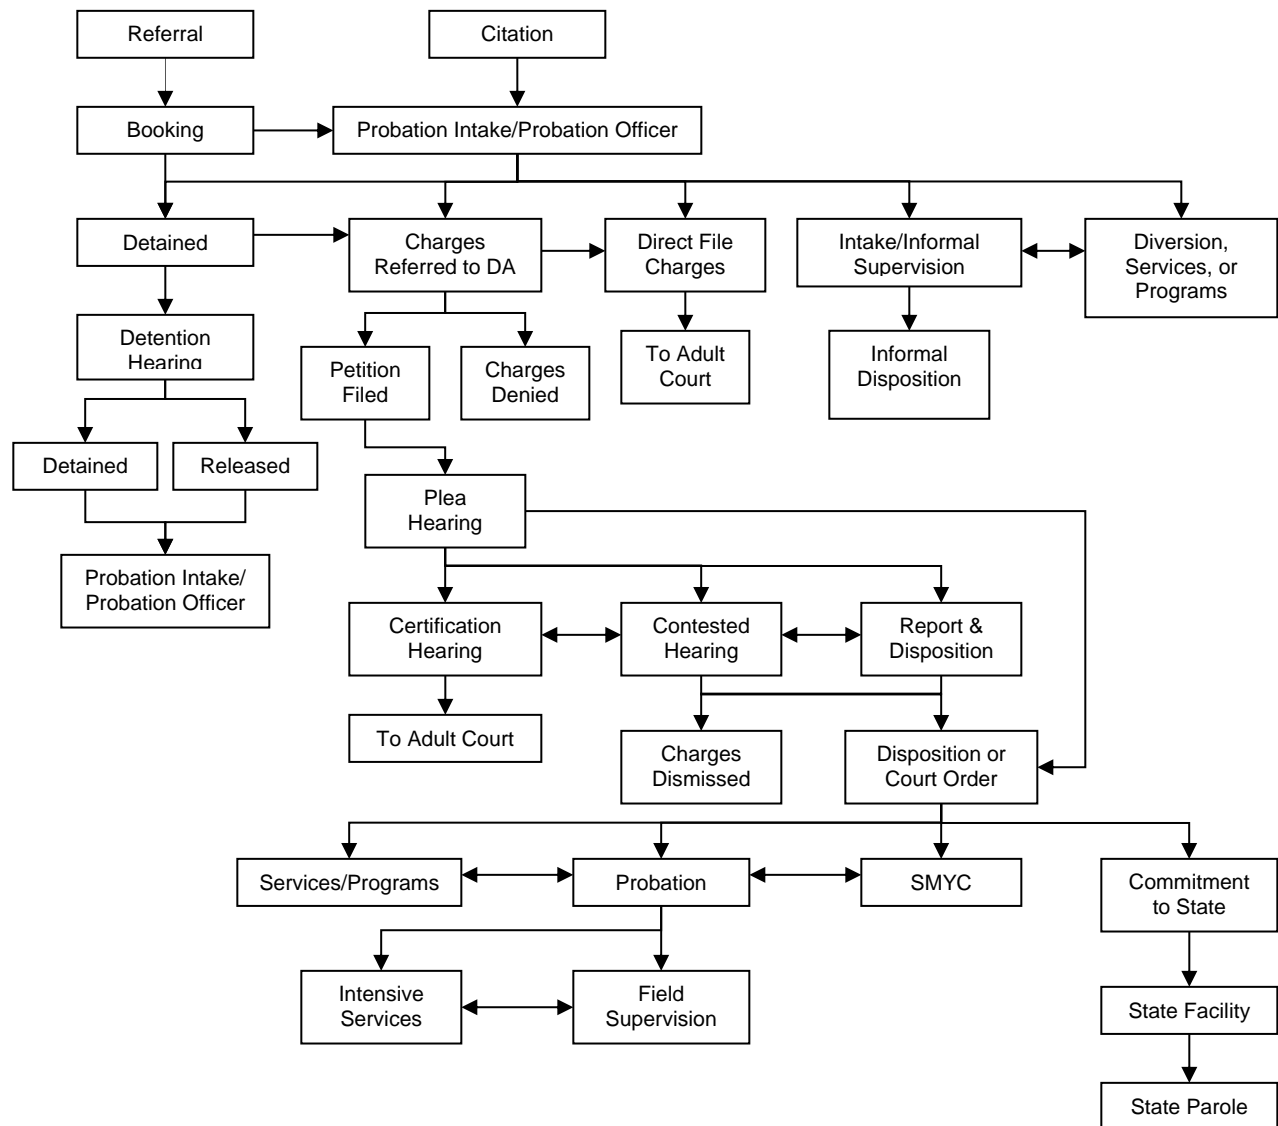

The Detention Center is a 192-bed facility located at the DJJS campus. The facility temporarily houses male and female youth with pending court hearings or correctional placements. In order to bridge the system of care, this facility provides medical and mental health services.

The Probation Division provides intake and diversionary services to youth referred to the department for acts of delinquency. For adjudicated youth, the division provides supervision and treatment services. Services are provided on the DJJS campus, within the five neighborhood community centers, or within the community itself.

The Clinical Services Division provides a full spectrum of assessment and treatment services to the youth involved with the DJJS and their families. These evaluations, counseling and other treatment services are offered in the institutions, in home and through office visits.

The SMYC is a staff-secure 100-bed correctional facility, which houses male youth between the ages of twelve and eighteen who have been adjudicated for serious or repeat delinquent acts by the Juvenile Court Judge. SMYC is located at Angels Peak in the Mt. Charleston Recreational/Toiyabe National Forest Area.

IV. Youth Profiles

The “Youth Profiles” segment provides demographic and background information on the clients we serve at the DJJS. This segment is divided into two sections. The first section details the demographic information of the Clark County youth population in 2019. This information has been collected from Nevada’s State Demographer’s Office and the Clark County School District (CCSD). The charts in this section address the demographic areas of age, gender, and ethnicity/race. The second section details demographic information that is specific to the referred youth population to the DJJS. This section’s information has been retrieved from the DJJS database.

Note: All percentages in this report are rounded to the nearest whole number.

V. Referral Statistics

A referral is an action that involves bringing a youth to the attention of the DJJS. This section outlines the total number of referrals compared to the number of involved youth, the types of referrals, sources of referrals, charge categories, most common charges, most common felony and gross misdemeanor charges, the number of prior referrals, and the number of prior adjudicated referrals.

A. Total Number of Referrals Compared to the Number of Involved Youth

1. Annual Percentage Difference

	2015	2016	2017	2018	2019	15-19%
Referrals	13,236	12,531	13,659	11,897	11,715	-11%
Youth	8,528	8,085	8,483	7,659	7,420	-13%

B. Referral Types

Referrals to the Clark County DJJS are received in a variety of ways. A majority of youth comes to the attention of the DJJS through a citation, which involves law enforcement recording the charges of the youth and directing them to appear for an appointment at the Intake division of the DJJS. This process is similar to receiving a traffic ticket. Another major referral source is when the youth being presented to the staff of the DJJS. This “youth present” category would include law enforcement bookings, where a youth is physically taken to the DJJS to be booked and evaluated for detainment. Also, this category would include field bookings, where charges are added to a youth’s record without having the youth physically brought into booking. Other referrals are the result of a summons or a Writ of Attachment, which are court generated documents that require a youth to appear in court. The last type of referral falls under the ICOJ category. ICOJ stands for Interstate Compact on Juveniles, which is a formal process between states where a youth is placed under supervision in one state and supervised in another.

E. Maximum Charge Categories

Nevada Revised Statutes group charges for which Juveniles can be referred into eleven categories based upon their nature and type of victims. The following category types are used throughout this report:

- **Crimes Against Persons:** A crime against the body of another human being.
- **Crimes Against Property:** A crime against another's property. These offenses included such charges as larceny, receiving stolen goods and embezzlement.
- **Crimes Against Public Health and Safety:** A crime traditionally viewed as endangering the whole of society. In Nevada, these offenses include those related to alcohol, tobacco, and weapons.
- **Crimes Against the Public:** A crime that impairs the administration of justice. For example - bribery, perjury, falsifying evidence and obstruction.
- **Drugs and Controlled Substance Crimes:** An offense that violates any of the laws designed to control the distribution, classification, sale, and use of certain drugs.

- **Local Code Crime:** A violation of a statute that relates to or operates in a particular locality rather than the entire state.
- **Malicious Mischief Crimes:** Offenses that involve intentionally destroying or damaging another's property.
- **Miscellaneous Crimes:** Offenses defined by what the legislature chose to put in Chapter 207 of Nevada Revised Statutes (NRS). Included here, as major categories, are habitual criminal laws, vagrancy, interference with emergency communications, deceptive advertising, and racketeering. Also, in this category is a group called "Miscellaneous" which includes coercion, trespass, false 911 call, annoying a minor, false crime report and the "hate" crime enhancement.
- **Sexual Crimes:** An offense involving unlawful sexual conduct. In Nevada, these are found in NRS Chapter 200 under Crimes Against the Person.
- **Status Offenses:** A type of offense of which a person is guilty by being in a certain condition or of a specific character. Specifically in the Nevada juvenile system, these generally refer to offenses that would not be an offense if committed by an adult. This includes runaway, truancy, unmanageable and curfew.
- **Traffic Crimes:** The violation of prescribed rules of conduct to promote the orderly and safe flow of people, animals, vehicles and vessels.
- **CHINS:** Per NRS 62A.040 "Child in need of supervision" means a child who is adjudicated to be in need of supervision pursuant to the provisions of this title.

In addition, the DJJS uses an additional category of "Charge Types" known as "Administrative Actions" in order to record actions that, though they are not actual offenses, are related to them. These actions, recorded as charges, include the following major actions:

Writ of Attachments
Courtesy Holds
Drug Court
Restitution Court
Immigration Holds
Material Witness
Revocation of Release Agreement
Judicial Order

These "Administrative Actions" are not offenses in themselves and therefore do not lead to additional court actions such as petitions or dispositions. They are understood in the jurisdiction to be recordings of events and not as criminal acts. They are usually tied to an actual charge already existing for the juvenile's previous record, or one for which the District Attorney has compiled enough evidence to refer the youth and bring them into custody. For example, a Bench Writ of Attachment is most often issued when a youth fails to appear on a charge at a scheduled hearing. A Bench Writ of Attachment Served is recorded when the youth is brought into Booking, where he or she may or may not be detained. In another example, "Drug Court" is entered as a reason for detaining a youth who is ordered to spend a set number of days in detention as part of a drug treatment program.

The exception to this rule is that there are three actual charge areas under this category, which include: "Other Felony," "Other Gross Misdemeanor," and "Other Misdemeanor."

These entries occur when a charge not listed specifically in Family *TRACS* is used. Use of these entries requires that the specific name and nature of the charge be recorded in a text box. These charges, then, are subject to petition and disposition, if referred to and accepted by the District Attorney.

The following charge category statistics only reflect the most serious charge at the time of referral.

This section represents two main areas of statistics generated by the intake division, which includes the number of cases diverted and the number of cases referred to the district attorney's office. The dates reflected represent the date they were diverted or referred to the district attorney.

A. Diversion Statistics

For the purpose of this report, the diversion category represents actions taken by the intake division to deter the referral from moving forward through the court system, which includes the following:

- Case Closed- After a review of the referral, a decision is made to prevent the case from moving forward to the court system.
- Community Service- As a consequence, the youth is tasked with completing a certain number of community service hours.
- Fines and Fees- Monetary payments imposed as part of a resolution for the referral.
- Informal Supervision- The assessment and disposition of a referral is handled informally, without a court petition, but involves ongoing supervision by the DJJS for a period of time.
- Penalties/Consequences- An action taken in resolution of a referral through which the youth is required to make amends for their behavior.
- Referred to The Harbor- After a review of the referral, it is decided that the youth could be better served through the services of The Harbor.
- Service Programs- As a resolution for a referral, the youth is required to attend programs and services of a therapeutic nature.
- Trial by Peers- A jury of the youth's peers decides on an informal resolution.
- Victim Offender Mediation (VOM)- As a resolution, the youth is required to participate in a mediation with the victim of their offense.
- Warn and Release- In contrast to informal supervision, the youth is given a warning for their offense and they are released without further supervision by DJJS staff.

1. Diversion Types (2019 Diversions – 5,721)

Through the informal process, the categories below are assigned to a particular charge. As a referral may have more than one charge, one referral may generate multiple diversion categories. Therefore, the subcategories will not add up to the grand total. The statistics below are based on total referrals that were diverted in 2019.

VIII. Court Actions

The following statistics represent decisions made through the formal court process. To reach this level, the District Attorney has filed the charges of the referral. With the charges filed in court, each case is placed under the court's consideration. The statistics of this section are divided into the following: the different types of court actions, probation dispositions, SMYC dispositions, DCFS dispositions, and the number of youth certified.

A. Court Action Types by Referrals

Through the court process, as a result of a filed charge, a youth may receive the following types of formal court actions:

- Certification to Adult Status- As guided by Nevada Statutes, this is an action that sends a referral from the juvenile court system to be determined through the adult court system.
- Community Service- As a consequence, the youth is ordered to complete a certain number of community service hours.
- Counseling- As part of a court order, the youth is required to receive counseling services.
- Diversion- As a form of a graduated sanction, this action is taken in lieu of a more serious court action.
- Drug Court- As an option for drug related referrals, this action is taken to encourage and monitor the youth's ability to rehabilitate from drug use. Specifically, the youth will be required to take random drug testing.
- Fines and Fees- Monetary payments imposed as part of a resolution for the referral.
- Formal Parole- This action occurs for referred youth that have previously been committed to a State Correctional Facility. Upon release from the correctional facility, State Parole is to provide formal supervision of the youth.
- Formal Supervision- After consideration of the referral, the court decides to place the youth under formal supervision of the DJJS. This action would include the following: formal probation, electronic monitoring, and intensive supervision programs.
- Interstate Compact (ICOJ)- As a result of the court process, a formal agreement is made between states where a youth is placed under supervision in one state and supervised in another.
- Other – This option includes actions such as dismissing charges, no further action, or ordering the youth to follow conditions the Probation Department may deem appropriate. Finally, it includes any specific orders that are not covered in any of the other categories that the judge may impose as being uniquely suited to promoting the successful resolution of individual cases.

- Penalties/Consequences- An action taken in resolution of a referral through which the youth is required to make amends for their behavior.
- Commitment DCFS – As a result of the court process, an order is made to commit the youth to a State Correctional Facility.
- Placed OTHER- This action is used when the youth is ordered to live with relatives, in group homes, or alternative placements rather than DCFS or DJJS facilities.
- Placed SMYC- As a result of the court process, an order is made to place the youth into the Spring Mountain Youth Camp.
- Referred to DJJS- After a review of the referral, it is decided that the resolution can be determined by the DJJS. This would include referrals to probation or traffic.
- Referred to State Parole- After examining of the referral, it is decided that State Parole can determine the resolution. This would include youth that are currently under the formal supervision of State Parole.
- Residential Treatment- For rehabilitation purposes, the youth is ordered to receive residential treatment.
- Restitution- The youth is ordered to make payments to the victims of their offenses. The amount is to be determined by the Victim Assistance Program (VAP).
- Service Programs- As a resolution for a referral, the youth is required to attend programs and services of a therapeutic nature.
- Suspended Commitment- As a graduated sanction, the youth is given an opportunity to rehabilitate without being sent to a State Correctional Facility. However, should any other infractions occur, the youth will be committed to DCFS.
- Suspended Commitment/Formal Probation- In lieu of being committed to a State Correctional Facility, the youth is given formal probation. However, should any infractions occur under probation, the youth would be committed to DCFS.
- Suspended Placement SMYC- As a graduated sanction, the youth is given an opportunity to rehabilitate without being sent to the SMYC, should any other infractions occur, the youth would be placed at the SMYC.

As each individual charge on a referral may be tied to a specific court action, a single referral may generate statistics for multiple categories. As such, the categories below will not add up to the total number of referrals. Additionally, the dates represent the date of the action.

IX. Booking & Detention Statistics

This section combines statistics that are generated by the booking and detention divisions. Specifically, the following sections are covered: detention screening, utilization, average daily population, and average length of stay.

A. Detention Screening

The following statistics reflect the status of those referrals that have been screened by the booking division. As a procedure to booking a youth, the Risk Assessment Instrument (RAI) is utilized by the DJJS. The RAI is a guideline for determining whether or not a youth is placed into secure detention. To be more specific, the RAI utilizes a scoring system that weighs specified risk factors associated with public safety. The instrument was developed with the intent of finding an objective means to detaining a referred youth. The RAI was implemented into FamilyTRACS in 2005. The following is a description of the categories that are used:

- Detention Requirements Were Not Met- When a youth scores below 15 points and does not meet the mandatory detainment or special detainment circumstances and a discretionary override is not utilized.
- Discretionary Override- Occurs when a youth is detained because of a special circumstance that is not listed as a category in the RAI. To receive an override, approval must be granted by the detention manager and the assistant director of the DJJS.
- Met Scoring Requirements- Occurs when a youth has scored 15 points or more on the RAI.
- Met Requirements of Mandatory Detainment- Occurs when a youth has scored below 15 points on the RAI but meets the standards listed in the mandatory detainment category. Some examples listed in the mandatory detainment category include: judicial orders, previous escapee, and firearm use. This also includes the 12-hour mandatory holds which normally are done in Booking.
- Met Requirements of a Special Detainment Circumstance- Occurs when a youth has scored below 15 points on the RAI but meets the standards listed in the special detainment circumstance category. Some examples listed in the special detainment category include: Writ of Attachments, institutional holds, and when the youth is from another jurisdiction.

3. Detained RAI Result Category Detail for 2015-2019.

The statistics of this section represents only those referrals that resulted in a detainment. The following is a description of the categories used:

- Court Commitment DCFS- When a detainment occurs for those youth who are committed to a State Correctional Facility.
- Court Placement SMYC- When a detainment occurs for those youth who are being placed at Spring Mountain Youth Camp.
- Courtesy Hold- Occurs when another jurisdiction or public agency requests that a youth be detained.
- Escapee- When a detainment occurs because the youth has previously escaped from the DJJS facility.
- Felony/GM Writ of Attachment- When a detainment occurs because a felony or gross misdemeanor Writ of Attachment has been issued for the youth to appear in court.
- Fugitive Hold- When a youth is detained because they have been categorized as a fugitive in another jurisdiction.
- Hospitalization of Victim- A detainment that occurs when the victim of the offender is hospitalized.
- Immigration Hold - Occurs when federal authorities request that a youth be detained for immigration proceedings.
- JO- When a detainment occurs due to a judicial order.
- JSO Runaway/No placement- When a detainment occurs because of the difficulty in finding a placement for a juvenile sexual offender or a runaway.
- Material Witness Hold/Sexually Exploited Youth Victim (MWH/SEYV) - When a detainment occurs at the request of another jurisdiction or public agency for the purposes of ensuring that the youth provides testimony in an upcoming court proceeding.
- Misdemeanor Writ of Attachment- When a detainment occurs because misdemeanor Writ of Attachment has been issued for the youth to appear in court. The following initials are used: "A" – Arrest, "B" – Bench, and "T" – Traffic.
- Offense Committed in Det Alt – When a detainment occurs because the new offense was committed while the youth was in a detention alternative.

- Offense Committed on Post-Adj ISP – When a detainment occurs because the new offense was committed while the youth was under a post adjudication Intensive Supervision Program (ISP).
- Offense Committed on SMYC Aftercare – When a detainment occurs because the new offense was committed while the youth was under the Aftercare program.
- OJ with Charge- This occurs when a youth is charged with an offense and the youth is residing from another jurisdiction.
- Recommended Commitment- When a probation officer is recommending commitment, the youth is detained in order to prevent the youth from being a flight risk.
- Scored 15 Points or More- At 15 points, a youth becomes eligible to be detained.
- SMYC – Institutional Hold – This detainment occurs when a youth from SMYC is being held at Detention. This may occur if a youth was on weekend leave and committed a minor offense.
- SMYC- New Offense – This detainment occurs if the youth commits a new offense during their placement.
- Use/Possession of Firearm- A youth may be detained if they have been charged with the use or possession of a firearm.

X. Alternatives to Detention (PRRP - Probation Review & Release Program and ISP – Intensive Supervision Program)

This section illustrates statistics that are related to alternatives to detention: Global Positioning System (GPS) and Home Management (HM). Pre-Adjudicated and Post-Adjudicated youth are eligible. HM and GPS are designed to provide intensive supervision to youth in the community rather than in the secure detention facility. HM is a low-level supervision program. GPS is a high-level supervision program which requires a youth to wear an electronic tracking device. Both programs restrict youth to their home and permits travel only to and from school, employment, etc. Supervision includes unscheduled on-site visits at home, school or employment, and unscheduled phone contacts. The youth will maintain a scheduled daily routine agreed upon by the youth, parents and ISP staff.

B. ISP Statistics

The Intensive Supervision Program (ISP) is a community based intensive supervision program for youth that would otherwise be committed to or placed in a juvenile institution. These programs for adjudicated youth include frequent probation officer contact and reporting requirements for daily programming.

XI. Spring Mountain Youth Camp Statistics

This section includes statistics generated from the Spring Mountain Youth Camp and the Transition and Aftercare program. The Spring Mountain Youth Camp is a staff-secure facility, which houses male youth offenders, who have been adjudicated for serious or repeat delinquent acts by the Juvenile Court Judge. The Aftercare program is designed to transition the youth, who were placed at the camp, back into the community.

XIII. Intensive Supervision

This section provides more detail into Intensive Probation Services, which involve increased contact and programming for higher risk youth. In particular, this section will cover the Drug Court and the Juvenile Sex Offense (JSO) units. The statistics in this section reflect both primary and secondary assignments.

A. Drug Court Statistics

The Drug Court Program is geared toward rehabilitating those youth who were adjudicated on a drug-related offense. As part of the program, the assigned youth are required to submit to drug testing.

Regulated Marijuana Business License Application – Social Equity Program

Marijuana Enforcement Division

Application Guidance

If you are applying for a License pursuant to the “**Social Equity Licensee**” criteria established under section 44-10-308(4), C.R.S., you must indicate whether you are (a) applying to own and operate a Regulated Marijuana Business License in order to participate in the Accelerator Program established pursuant to section 44-10-203 C.R.S., or (b) whether you are applying to own and operate a Regulated Marijuana Business independently.

Participation in the Accelerator Program as a Social Equity Licensee:

- **Required Finding of Suitability:** In addition to this business application, applicants will need to submit a request for a Finding of Suitability (in order to be issued an Owner's License). Please visit the MED's website to access the Finding of Suitability Application.
 - Fingerprints are required with the submission of suitability applications. Prior to application submission, visit a Colorado State Approved third-party fingerprint provider to have your fingerprints taken and **include the fingerprint receipt with your application packet.**
- **Accelerator Business Licenses Available:** When submitting this business application, applicants will need to identify which Accelerator License they intend to operate as part of the Accelerator Program (see Addendum A). Participation in the Accelerator Program is limited to Retail Marijuana operations (does not include Medical Marijuana operations). Accelerator Licenses an applicant may choose from are as follows:
 - **Accelerator Cultivator:** A Social Equity Licensee qualified to participate in the accelerator program and authorized to exercise the privileges of a Retail Marijuana Cultivation Facility on the premises of an Accelerator-Endorsed Retail Marijuana Cultivation Facility.
 - **Accelerator Manufacturer:** A Social Equity Licensee qualified to participate in the accelerator program and authorized to exercise the privileges of a Retail Marijuana Products Manufacturer on the premises of an Accelerator-Endorsed Retail Marijuana Products Manufacturer.
 - **Accelerator Store:** A Social Equity Licensee qualified to participate in the accelerator program and authorized to exercise the privileges of a Retail Marijuana Store on the premises of an Accelerator-Endorsed Retail Marijuana Store.
- **Required Accelerator-Endorsed Licensee:** Prior to exercising any privileges of an Accelerator License, any person approved to participate in the Accelerator Program will first need to designate an Accelerator-Endorsed Licensee. An Accelerator Endorsed Licensee is a Retail Marijuana Cultivation Facility Licensee, Retail Marijuana Products Manufacturer Licensee, or a Retail Marijuana Store Licensee who has been endorsed to host and offer technical and capital support to a Social Equity Licensee.

Independent Operations as a Social Equity Licensee:

- **Required Finding of Suitability:** In addition to this business application, applicants will need to submit a request for a Finding of Suitability (in order to be issued an Owner's License). Please visit the MED's website to access the Finding of Suitability Application.
 - Fingerprints are required with the submission of suitability applications. Prior to application submission, visit a Colorado State Approved third-party fingerprint provider to have your fingerprints taken and **include the fingerprint receipt with your application packet.**
- **Business Licenses Available:** When submitting this business application, applicants will need to identify which Business License they intend to operate. Applicants seeking to independently operate a Regulated Marijuana Business (outside of the Accelerator Program) may select from any of the Medical and Retail Marijuana Business licenses issued by the MED, subject to local licensing authority requirements, restrictions, and prohibitions.

Affirmation & Consent

I/We, _____, as an owner(s) for the applicant business, state under penalty for offering a false instrument for recording pursuant to 18-5-114 C.R.S. that the entire Regulated Marijuana Business License Application statements, attachments, and supporting schedules are true and correct to the best of my/our knowledge and belief, and that this statement is executed with the knowledge that misrepresentation or failure to reveal information requested may be deemed sufficient cause for the refusal to issue a Marijuana license by the State Licensing Authority. Further, I/We am/are aware that later discovery of an omission or misrepresentation made in the above statements may be grounds for denial of the marijuana social equity business application. I/We am/are voluntarily submitting this application to the Colorado Marijuana Licensing Authority, under oath, with full knowledge that I/We may be charged with perjury or other crimes for intentional omissions and misrepresentations pursuant to Colorado law or for offering a false instrument for recording pursuant to 18-5-114 C.R.S. I/We further consent to any background investigation necessary to determine my/our present and continuing suitability and that this consent continues as long as I/We hold a Colorado Marijuana License.

Note: If your check is rejected due to insufficient or uncollected funds, the Department of Revenue may collect the payment amount directly from your banking account(s) electronically.

I _____ am signing this waiver on behalf of _____
(the "Applicant/Licensee") to permit the Colorado Department of Revenue and any other state or local taxing authority to release information and documents that would otherwise be confidential. If I am signing this waiver for someone other than myself, I certify that I have the authority to execute this waiver on behalf of the Applicant/Licensee.

The information and documentation obtained pursuant to this waiver will be used in connection with the Applicant/Licensee's application or licensure with the Colorado Marijuana Enforcement Division, which requires proof of compliance with certain tax obligations pursuant to several statutory provisions, including sections 44-10-202(1) and 44-10-307(1)(e), C.R.S.

This waiver is made pursuant to section 39-21-113(4), C.R.S.; and any other similar law or ordinance concerning the confidentiality of tax returns and return information. This waiver shall be valid while the application is pending and, if the application is approved, (1) for one year from the date of licensure or; (2) if applying for an employee license under the medical marijuana code, for two years from the date of licensure. If the license is administratively continued pursuant to section 44-10-314, C.R.S., this waiver shall be valid until the state licensing authority takes final action to approve or deny the renewal of the license. Applicant/Licensee agrees to execute a new waiver for each subsequent licensing period in connection with the renewal of any license.

Applicant/Licensee requests that the Colorado Department of Revenue and any other state or local taxing authority release the following information and supporting documentation to the Colorado Marijuana Enforcement Division, which is acting as Applicant's/Licensee's duly authorized representative under section 39-21-113(4), C.R.S., solely to obtain the information specified below.

1. Whether the Applicant/Licensee has failed to file any state tax return with the Colorado Department of Revenue or any other state or local taxing authority by the required due date (determined with regard to any extension(s) of time for filing) for any tax year for which filing of a return might have been required.
2. Whether the Applicant/Licensee has failed to pay any tax, penalty, or interest liability within 30 days of the date on which the Colorado Department of Revenue or any other state or local taxing authority gave notice of the amount due and requested payment.
3. Whether the Applicant/Licensee has entered into a payment plan with the Colorado Department of Revenue or any other state or local taxing authority and whether Applicant/Licensee is current on any payments required by said payment plan.

Applicant/Licensee authorizes the Colorado Department of Revenue and any other state or local taxing authority to release any additional information or documentation necessary to answer the questions above. Applicant/Licensee authorizes the Colorado Marijuana Enforcement Division and its legal representatives to use the information and documentation obtained from the Colorado Department of Revenue and any other state or local taxing authority in any administrative action regarding the application or license. To assist the Colorado Department of Revenue and any other state or local taxing authority locate the tax records, Applicant/Licensee is voluntarily providing the following information (please type or print).

Investigation Authorization/Authorization to Release Information

I, _____, hereby authorize the Colorado Marijuana Licensing Authority, the Marijuana Enforcement Division, (hereafter, the Investigatory Agencies) to conduct a complete investigation into my personal background, using whatever legal means they deem appropriate. I hereby authorize any person or entity contacted by the Investigatory Agencies to provide any and all such information deemed necessary by the Investigatory Agencies. I hereby waive any rights of confidentiality in this regard. I understand that by signing this authorization, a financial record check may be performed. I authorize any financial institution to surrender to the Investigatory Agencies a complete and accurate record of such transactions that may have occurred with that institution, including, but not limited to, internal banking memoranda, past and present loan applications, financial statements and any other documents relating to my personal or business financial records in whatever form and wherever located. I authorize the release of this type of information, even though such information may be designated as "confidential" or "nonpublic" under the provisions of state or federal laws. I understand that by signing this authorization, a criminal history check will be performed. I authorize the Investigatory Agencies to obtain and use from any source, any information concerning me contained in any type of criminal history record files, wherever located. I understand that the criminal history record files contain records of arrests which may have resulted in a disposition other than a finding of guilt (i.e., dismissed charges, or charges that resulted in a not guilty finding). I understand that the information may contain listings of charges that resulted in suspended imposition of sentence, even though I successfully completed the conditions of said sentence and was discharged pursuant to law. I authorize the release of this type of information, even though this record may be designated as "confidential" or "nonpublic" under the provisions of state or federal laws.

The Investigatory Agencies reserve the right to investigate all relevant information and facts to their satisfaction. I understand that the Investigatory Agencies may conduct a complete and comprehensive investigation to determine the accuracy of all information gathered. However, the State of Colorado, Investigatory Agencies, and other agents or employees of the State of Colorado shall not be held liable for the receipt, use, or dissemination of inaccurate information. I, on behalf of the applicant, its legal representatives, and assigns, hereby release, waive, discharge, and agree to hold harmless, and otherwise waive liability as to the State of Colorado, Investigatory Agencies, and other agents or employees of the State of Colorado for any damages resulting from any use, disclosure, or publication in any manner, other than a willfully unlawful disclosure or publication, of any material or information acquired during inquiries, investigations, or hearings, and hereby authorize the lawful use, disclosure, or publication of this material or information. Any information contained within my application, contained within any financial or personnel record, or otherwise found, obtained, or maintained by the Investigatory Agencies, shall be accessible to law enforcement agents of this or any other state, the government of the United States, or any foreign country.
