1.197 “Ready-to-consume cannabis product” defined.

1.222 “Single-use cannabis product” defined.

1.197 “Ready-to-consume cannabis product” defined. “Ready-to-consume cannabis product” means an adult-use edible cannabis product that is:

1. Prepared and/or infused on the premises of a cannabis consumption lounge;
2. Presented in the form of a foodstuff or beverage;
3. Sold in a heated or unheated state; and
4. Intended for immediate consumption.

Ready-to-consume cannabis products include, but are not limited to, edible cannabis products that have been prewashed, precooked, or otherwise prepared for consumption and do not require additional cooking or preparation, including portioning. Each serving of a ready-to-consume cannabis product must be individually dosed not to exceed 10mg THC. Menu items offered must be submitted to the appropriate CCB agent for approval. Food items under the jurisdiction of the USDA are subject to inspection, seizure, and destruction by the USDA. Each ready-to-consume cannabis product must include the notice “THC may not be evenly distributed throughout this product.”

1.222 “Single-use cannabis product” defined. “Single-use cannabis product” means a type of cannabis or adult-use cannabis product, other than a ready-to-consume cannabis product, that the Board has determined to be appropriate for consumption in a cannabis consumption lounge. Single-use cannabis products includes but are not limited to items that are designed for use in a single sitting. Such items may not contain more than 0.5 grams of usable cannabis or may not contain more than 10mg of THC in a cannabis product. Inhalable extracted cannabis products may not exceed 50mg THC. Topical cannabis products may not exceed 100mg THC. Pre-packaged cannabis products must be prepared at a licensed cannabis production facility, must be sold as a single serving, and may not exceed the allowable serving size 10mg THC. All items must be pre-packaged prior to sale and labeled in accordance with NCCR 12.040 or 12.045.

- (6) For limiting the amount of money available in any retail areas of the cannabis establishment and for training employees on this practice;
 - (7) For notifying the public of the minimal amount of money available, which may include, without limitation, the posting of a sign;
 - (8) For maintaining communication with law enforcement agencies; and
 - (9) For providing and receiving notifications regarding burglary, attempted burglary, robbery, attempted robbery and other suspicious activity.
2. Each video camera used pursuant to subparagraph (3) of paragraph (a) of subsection 1 must:
 - (a) Include a date and time generator which possesses the capability to display the date and time of recorded events on the recording in a manner that does not significantly obstruct the recorded view; and
 - (b) Be installed in a manner that will prevent the video camera from being readily obstructed, tampered with or disabled.
 3. A cannabis establishment shall make a reasonable effort to repair any malfunction of security equipment within 72 hours after the malfunction is discovered. A cannabis establishment shall notify the Board and local law enforcement within 24 hours after a malfunction is discovered and provide a plan of correction. Failure to correct a malfunction within 72 hours after the malfunction is discovered is a violation of this section.
 4. If a video camera used pursuant to subparagraph (3) of paragraph (a) of subsection 1 malfunctions, the cannabis establishment shall immediately provide alternative video camera coverage or use other security measures, such as assigning additional supervisory or security personnel, to provide for the security of the cannabis establishment. If the cannabis establishment uses other security measures, the cannabis establishment must immediately notify the Executive Director, and the Executive Director will determine whether the other security measures are adequate.
 5. Each cannabis establishment shall maintain a log that documents each malfunction and repair of the security equipment of the cannabis establishment pursuant to subsections 3 and 4. The log must state the date, time and nature of each malfunction, the efforts taken to repair the malfunction and the date of each effort, the reason for any delay in repairing the malfunction, the date the malfunction is repaired and, if applicable, any alternative security measures that were taken. The log must also list, by date and time, all communications with the Board, Board Agents or Executive Director concerning each malfunction and corrective action. The cannabis establishment shall maintain the log for at least 1 year after the date of last entry in the log.
 6. Each cannabis establishment must employ a security manager or director who must be responsible for:
 - (a) Conducting a semiannual audit of security measures to ensure compliance with the state procedures of the cannabis establishment and identify potential security issues;
 - (b) Training employees on security measures, emergency response and robbery prevention and response before starting work and on an annual basis; and
 - (c) Evaluating the credentials of any third party who intends to provide security to the cannabis establishment before the third party is hired by or enters into a contract with the cannabis establishment.
 7. Each cannabis establishment shall ensure that the security manager or director of the cannabis establishment, at least one employee of the cannabis establishment or the employees of any third party who provides security to the cannabis establishment has completed or will

Revised as of March 11, 2022

complete within three months of being hired, to be proven by written attestation from the employee and the training officer, the following training:

- (a) Training in theft prevention or a related subject;
- (b) Training in emergency response or a related subject;
- (c) Training in the appropriate use of force or a related subject that covers when the use of force is and is not necessary;
- (d) Training in the use and administration of first aid, including cardiopulmonary resuscitation;
- (e) Training in the protection of a crime scene or a related subject;
- (f) Training in the control of access to protected areas of a cannabis establishment or a related subject;
- (g) Not less than 8 hours of on-site training in providing security services; and
- (h) Not less than 8 hours of classroom training in providing security services.

8. A cannabis cultivation facility which engages in the outdoor cultivation of cannabis must be located in such a manner as to allow local law enforcement to respond to the cannabis cultivation facility within 15 minutes after being contacted unless the local law enforcement agency determines some other response time is acceptable.

9. Cannabis establishments must ensure that armed security officers do not violate the provisions of NRS 202.257 (possessing a firearm while under the influence of a controlled substance). In addition, a cannabis consumption lounge shall prohibit consumers from bringing firearms into a consumption lounge.

10. A cannabis establishment shall operate the business in a decent, orderly, and respectable manner. A licensee shall not knowingly permit any activity or acts of disorderly conduct, nor shall a licensee permit rowdiness, undue noise, or other disturbances or activity offensive to a reasonable person, the senses of the average citizen, neighboring business, or to the residents of the neighborhood in which the business is located.

11. If an emergency requires law enforcement, firefighters, emergency medical service providers, Board Agents or other public safety personnel to enter the premises of the business, the cannabis establishment is responsible for ensuring that all consumption, if allowed, and other activities, including sales, cease until such personnel have completed their investigation or services and have left the premises.

12. A cannabis establishment must report directly to the Board any criminal activity requiring an in-person response from law enforcement within 24 hours after an owner or employee of the business learns of the event.

13. If the Board learns of an increase in criminal activity at or near the location of a particular cannabis establishment, the Board shall require the licensee to create an appropriate risk mitigation plan.

14. Employees shall be prohibited from consuming cannabis while on duty and at work.

6.090 Cleanliness and health of cannabis establishment agents.

4. A cannabis establishment agent shall immediately report to the person in charge if the agent knows he or she has

Revised as of March 11, 2022

- (a) A symptom of gastrointestinal infection, including, without limitation, diarrhea, vomiting or jaundice, except as otherwise provided in paragraph 9;
- (b) A diagnosed infection by a disease agent that can be transmitted from a person through food or cannabis, including, without limitation, Salmonella species, Shigella species, Shiga toxin-producing Escherichia coli, Hepatitis A virus or Norovirus; or
- (c) A lesion that appears inflamed or contains pus and that is not covered as described in subparagraph (d) of paragraph 3.

5. The cannabis establishment shall, within 24 hours, notify the CCB about any cannabis establishment agent known to have:

- (a) Jaundice, except as otherwise provided in paragraph 9; or
- (b) A diagnosed infection by a disease agent that can be transmitted from a person through food or cannabis, including, without limitation, Salmonella species, Shigella species, Shiga toxin-producing Escherichia coli, Hepatitis A virus or Norovirus.

6. The person in charge shall exclude or restrict a cannabis establishment agent from working in or around any place where bulk or unpackaged food, beverages, cannabis or cannabis products are prepared, sold or offered for sale if the agent is known to have:

- (a) A lesion that appears inflamed or contains pus and that is not covered as described in subparagraph (d) of paragraph 3.

7. The person in charge shall exclude a cannabis establishment agent from working in or around any place where bulk or unpackaged food, cannabis or cannabis products are prepared, sold or offered for sale if the agent is known to have a diagnosed infection by a disease agent that can be transmitted from a person through food or cannabis, including, without limitation, Salmonella species, Shigella species, Shiga toxin-producing Escherichia coli, Hepatitis A virus or Norovirus.

- (a) A symptom of gastrointestinal infection, including, without limitation, diarrhea, vomiting or jaundice, except as otherwise provided in paragraph 9;
- (b) An infection by Salmonella typhi within the last 3 months, unless approved to be released from exclusion by the health authority; or
- (c) An infection by Shigella species, Shiga toxin-producing Escherichia coli, Hepatitis A virus, Norovirus or a Salmonella species other than Salmonella typhi, within the last 30 days, unless the food employee is approved to be released from exclusion by the health authority.

8. The person in charge and the cannabis establishment agents of a cannabis establishment shall comply with any order issued by the health authority or CCB for excluding agents from the cannabis establishment or restricting agent activities because of a diagnosed or suspected infection by a disease agent that can be transmitted from a person through food or cannabis until the health authority or CCB rescinds the order.

9. Upon approval from the health authority, a cannabis establishment agent with a symptom of gastrointestinal illness, including, without limitation, diarrhea or jaundice, may work in a cannabis establishment without special restriction, provided that the agent furnishes written medical documentation to the health authority and CCB from a health practitioner that the symptom is due to a medical condition not

7.055 Delivery to consumer: Requirements for motor vehicles used to make deliveries; transportation to cannabis consumption lounges; adequate temperature control of products required; inspection of motor vehicles authorized.

1. A cannabis sales facility may use any motor vehicle, not to include two wheeled motor vehicles, that can legally be operated on the highways of this State and that meets the requirements of this section to deliver cannabis and cannabis products.
2. Before using a motor vehicle to deliver cannabis or cannabis products, a cannabis sales facility must obtain the approval of the appropriate Board Agent for the use of the motor vehicle. Upon approving a motor vehicle for use to deliver cannabis or cannabis products, the Board will issue an identification card containing such information as the Board determines to be necessary, which must be kept inside the motor vehicle at all times.
3. A cannabis sales facility shall ensure that each motor vehicle used to deliver cannabis or cannabis products:
 - (a) Has no advertising, signage or other markings relating to cannabis; and
 - (b) Is equipped with an audible car alarm.
4. A cannabis sales facility shall provide adequate care for perishable cannabis products including, without limitation, refrigeration during delivery, if required. Any method for temperature control used during delivery must be approved by the appropriate Board Agent before use. If a potentially hazardous cannabis product is being delivered, the potentially hazardous cannabis product must be maintained at a temperature of less than 41°F (5°C) throughout delivery.
5. Board Agents may inspect each motor vehicle used for delivery of cannabis or cannabis products by a cannabis sales facility pursuant to NCCR 5.070.
6. A cannabis sales facility may transport more than 10 ounces (283.5 grams) of cannabis, edible cannabis products or cannabis infused-products, or any combination thereof when delivering exclusively to a cannabis consumption lounge.

- (c) Is responsible for approving or rejecting cannabis or cannabis products manufactured, processed, packaged or held under contract by another cannabis establishment; and
 - (d) Is responsible for approving or rejecting all procedures or specifications which may impact the identity, strength, quality and purity of the cannabis or cannabis products.
2. Each cannabis cultivation facility, cannabis production facility and cannabis sales facility shall:
- (a) Set forth the responsibilities and procedures applicable to the quality control unit in writing, a copy of which shall be provided promptly to the Board or Board Agents upon request; and
 - (b) Follow the written responsibilities and procedures set forth pursuant to paragraph (a).

10.020 Cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility: Adequate ventilation, filtration systems and related equipment required for building.

1. Each cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility shall ensure that any building used to manufacture, process, package or hold cannabis or cannabis products:
- (a) Has adequate ventilation; and
 - (b) Contains equipment for adequate control over air pressure, microorganisms, dust, humidity and temperature when appropriate for the manufacture, processing, packaging or holding of cannabis or cannabis products.
2. Each cannabis cultivation facility, cannabis, production facility, cannabis consumption lounge, and cannabis sales facility must use filtration systems, including, without limitation, prefilters and particulate matter air filters, when appropriate on air supplies to production areas. If air is recirculated to production areas, the cannabis establishment must take measures to control recirculation of dust from production. In areas where air contamination occurs during production, the cannabis establishment must ensure that there are adequate exhaust systems or other systems adequate to control contaminants.

10.025 Cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility: Establishment of and adherence to written procedures for labeling and packaging materials.

1. Each cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility shall establish and follow written procedures describing in sufficient detail the receipt, identification, storage, handling, sampling, and examination of labeling and packaging materials. A copy of these procedures shall be provided promptly to the Board or Board Agents upon request.

2. Any labeling or packaging materials that meet the appropriate written specifications established pursuant to subsection 1 may be approved and released for use. Any labeling or packaging materials that do not meet the specifications established pursuant to subsection 1 must be rejected to prevent their use in operations for which they are unsuitable.
3. Each cannabis cultivation facility, cannabis production facility and cannabis sales facility shall:
- (a) Store separately with suitable identification the labels and other labeling materials for each type of cannabis or cannabis product, and the different strength, dosage form or quantity of contents;
 - (b) Limit access to the storage area described in paragraph (a) to authorized personnel of the cannabis establishment; and

Revised as of March 11, 2022

- (c) Destroy obsolete and outdated labels, labeling and other packaging materials.

10.030 Cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility: Establishment of and adherence to written procedures for production and process control to assure quality of cannabis and cannabis products; review and approval of procedures; recording and justification of deviation from procedures.

1. Each cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility shall have written procedures for production and process control that are designed to assure that the cannabis or cannabis products have the identity, strength, quality and purity they purport or are represented to possess. A copy of these procedures shall be provided promptly to the Board or Board Agents upon request.
2. The written procedures required pursuant to subsection 1 and any changes to those procedures must be drafted, reviewed and approved by the appropriate organizational units of the cannabis establishment and reviewed and approved by the quality control unit of the cannabis establishment.
3. Each cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility shall follow written production and process control procedures in executing various production and process control functions and shall document these procedures at the time of performance. Any deviation from the written procedures must be recorded and justified by the cannabis establishment. A copy of these procedures shall be provided promptly to the Board or Board Agents upon request.

10.035 Cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility: Establishment of and adherence to written procedures for components, product containers and closures. Each cannabis cultivation facility, cannabis production facility and cannabis sales facility shall ensure that:

1. A copy of these procedures shall be provided promptly to the Board or Board Agents upon request;
2. Components, product containers and closures are at all times handled and stored in a manner so as to prevent contamination; and
3. Bagged or boxed components, product containers or closures are stored at least 6 inches (15 centimeters) off the floor and are suitably spaced to permit cleaning and inspection.

10.040 Cannabis cultivation facility, cannabis production facility, cannabis consumption lounge and cannabis sales facility: Appropriateness, cleanliness and maintenance of equipment, utensils and substances; maintenance of records.

1. Each cannabis cultivation facility, cannabis production facility, cannabis consumption lounge, and cannabis sales facility shall ensure that any equipment used to manufacture, process, package or hold cannabis or cannabis products:
 - (a) Is of appropriate design and adequate size and is suitably located to facilitate operations for its intended use and for its cleaning and maintenance; and
 - (b) Is constructed so that surfaces which have direct contact with components, in-process materials, cannabis or cannabis products are not reactive, additive or absorptive so as to alter the safety, identity, strength, quality or purity of the cannabis or cannabis products beyond the official or other established requirements.

Revised as of March 11, 2022

- (c) Is submitted to the appropriate Board Agent on a form prescribed by the Board for approval prior to use.
2. Each cannabis cultivation facility, cannabis production facility, *cannabis consumption lounge*, and cannabis sales facility shall ensure that:
 - (a) Any substances required for its operation, such as lubricants or coolants, do not come into contact with components, product containers, in-process materials, cannabis or cannabis products so as to alter the safety, identity, strength, quality or purity of the cannabis or cannabis products beyond the official or other established requirements;
 - (b) Equipment and utensils are cleaned, maintained and, as appropriate for the nature of the cannabis or cannabis products, sanitized and sterilized at appropriate intervals to prevent malfunctions or contamination that would alter the safety, identity, strength, quality or purity of the cannabis or cannabis products beyond the official or other established requirements; and
 - (c) Written procedures are established and followed for the cleaning and maintenance of equipment and utensils used to manufacture, process, package or hold cannabis or cannabis products. A copy of these procedures shall be provided promptly to the Board or Board Agents upon request. These procedures must include, without limitation:
 - (1) Assignment of responsibility for cleaning and maintaining equipment;
 - (2) Maintenance and cleaning schedules, including, sanitizing schedules;
 - (3) A description in sufficient detail of the methods, equipment and materials used in cleaning and maintenance operations and the methods of disassembling and reassembling equipment as necessary to assure proper cleaning and maintenance;
 - (4) Protection of clean equipment from contamination before use; and
 - (5) Inspection of equipment for cleanliness immediately before use.
3. Each cannabis cultivation facility, cannabis production facility, *cannabis consumption lounge*, and cannabis sales facility must maintain records of any maintenance, cleaning, sanitizing and inspection carried out pursuant to this section.

10.045 Cannabis cultivation facility, cannabis production facility, cannabis distributor, *cannabis consumption lounge*, and cannabis sales facility: Requirement to ensure cleanliness of employees and volunteers. Each cannabis cultivation facility, cannabis production facility, cannabis distributor, *cannabis consumption lounge*, and cannabis sales facility shall ensure that:

1. Each cannabis establishment agent who is employed by or volunteers at the cannabis establishment and who is engaged in cultivating, manufacturing, processing, packaging or holding cannabis or cannabis products wears clean clothing appropriate for the duties he or she performs;
2. Protective apparel, such as head, face, hand and arm coverings, are worn as necessary to protect cannabis or cannabis products from contamination; and
3. Each cannabis establishment agent who is employed by or volunteers at the cannabis establishment practices good sanitation and health habits.

10.050 Cannabis cultivation facility, cannabis production facility, cannabis distributor, *cannabis consumption lounge*, and cannabis sales facility: Restrictions on salvaging cannabis and cannabis products; maintenance of records.

1. Each cannabis cultivation facility, cannabis production facility, cannabis distributor, *cannabis consumption lounge*, and cannabis sales facility shall ensure that cannabis or
