Possession Limits and Pre-Roll Weight Clarification

Effective, January 1, 2024, The Department of Taxation updated the fair market value calculation method for the pre-roll category from **each** to **weight** which will change the way cannabis establishments will report sales on the Wholesale Marijuana Tax Returns. To comply, cannabis establishments that manufacture pre-rolls must update their items in Metrc to include the unit weight of cannabis included in the item.

Please note: You are not required to re-create all of your items by weight, but you are required to add the unit weights to the items.

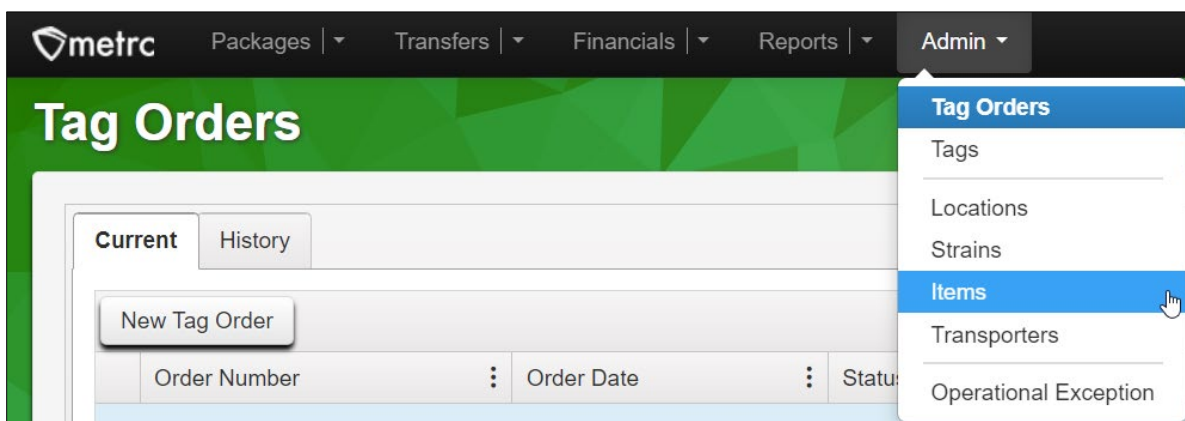

For Example:

Item Name: Vegas Lights 1 gram pre-roll , the unit weight will be 1 gram.

Item Name: Knights 1 gram pre-roll 3-pack, the unit weight will be 3 grams (3 x 1gram = 3 grams).

Steps to Complete the Update

Step One: Log into Metrc and select the “Admin Tab.” Note: You will need Admin Rights to access this tab and make edits.

Step Two: Select Items

Step Three: Highlight Item and click “Edit Item”

Step Four: Enter “Unit Weight” and Save

Item # 1 (clear)

Name Unit of Measure

Category Strain
