### **CCB Issues Final License for First Cannabis Consumption Lounge**

(LAS VEGAS, NV) - The Nevada Cannabis Compliance Board (CCB) has issued the first license to operate for a cannabis consumption lounge in Nevada.

Smoke and Mirrors, located on Sammy Davis Jr. Drive in Las Vegas, is the first cannabis consumption lounge inspected by Board agents to ensure the facility is adhering to State regulations. The lounge, attached to Thrive Cannabis Marketplace, received their conditional license at the June 20, 2023, CCB meeting. Having successfully completed their inspection on Tuesday, February 13, 2024, they have been issued their final State license.

There are currently 19 lounges that have been approved by the Board for a conditional license, including 14 retail-attached and five independent lounges.

While holding a conditional license, applicants may continue preparing their consumption lounge venues for operation. A final inspection of the facility by CCB Board Agents is required for final licensure, upon which a consumption lounge may open. Finally, licensees must adhere to any relevant local ordinances and receive approval from their local jurisdiction.
