The following information is provided pursuant to the requirements of NRS 233B.0603:

1. Need and purpose of the proposed regulations or amendments

The Cannabis Compliance Board drafted proposed regulation changes to Nevada Cannabis Compliance Regulations (“NCCR”) 4, 5, 6, 7, 12, and 13 to clarify, reduce, and improve packaging and advertising, possession and purchase limits, annual agent card costs, and wholesale cannabis distribution regulations pursuant to 678A-D.

2. How to obtain the approved or revised text of regulations prepared by LCB

You may obtain a copy of the proposed permanent regulation by writing to the Nevada Cannabis Compliance Board, 700 E. Warm Springs Rd. Suite 100, Las Vegas, NV 89119; or by calling the office at (775) 687-6299. The proposed permanent regulation is also available for review and download on the Cannabis Compliance Board website at <https://ccb.nv.gov/> or on the Nevada Legislature website at <https://www.leg.state.nv.us/>.

3. Methods used in determining the impact on a small business

The Agency used informed, reasonable judgment in determining that there would not be an impact on small businesses due to the nature of the regulation changes. The proposed permanent regulations make minor changes to requirements already established and in place by license holders.

The Agency analyzed the written responses from the Small Business Impact Survey, public comment from the January 31, 2024 solicitation of input meeting, and public comment from the workshop held March 28, 2024 to determine the likely impact of the proposed permanent regulations on small businesses. This analysis included categorizing responses to identify themes and the frequency with which impacts were named. The Agency also looked at issues named with less frequency but could potentially have impact. The Agency has determined that there will be no adverse impacts to small businesses after making these revisions.

4. Estimated economic effect of regulation on businesses and the public

a. Adverse and beneficial effects

The Agency finds that there is no adverse economic effect on small business. The changes make updates to existing regulations as well as lessening requirements upon small businesses in a manner that would not impose substantial burdens.

The Agency anticipates that those cannabis businesses that may be impacted will realize the beneficial economic impacts by the lessened labeling requirements made by the updated regulations. Additionally, lessened replacement agent card fees may allow small business to provide funds for their employees to obtain cannabis agent cards, a practice that is not required by regulation but may be common among some businesses.

b. Immediate and long-term effects

The proposed permanent regulation does not present any reasonable, foreseeable, or anticipated immediate or long-term economic effects on small businesses or the public.

5. Cost for enforcement of the regulations

The proposed permanent regulations present no significant foreseeable or anticipated cost or decrease in costs for enforcement. The proposed changes merely make minor updates to regulations that are already in effect.

6. Overlap or duplication of other state or local governmental agencies

The proposed permanent regulations do not overlap or duplicate any regulation of other federal, State or local governmental entities, but does reference regulatory authority granted by NRS 678A through NRS 678D.

7. Regulation required by federal law

Not Applicable

8. More stringent than federal regulations

The Department is not aware of any similar federal regulations of the same activity in which the state regulations are more stringent.

9. New or increases in existing fees

The proposed permanent regulation does not include new fees or increase an existing fee.

The proposed changes to the regulation(s) will be considered by the CCB in accordance with the provisions of NRS 233B.0603, which provides that on the date and at the time and place designated, interested persons may present their views regarding the proposed regulation. Any person desiring to present statements, arguments, or contentions concerning the proposed regulation changes may provide such in writing to the Executive Assistant at [regulations@ccb.nv.gov](mailto:regulations@ccb.nv.gov) by 5 P.M. on the day prior to the meeting. Allowances for remote appearance may be made for those with disabilities only, but such requests must be made at least eight calendar days prior to the meeting.

These item(s) will be heard by the CCB at the May 16, 2024, meeting, and may be continued and heard at subsequent meetings of the CCB as required to effectuate the above-stated purposes.

The proposed changes to the regulation language will be posted on the Cannabis Compliance Board website <https://ccb.nv.gov/public-meetings/>. Any questions should be directed to [regulations@ccb.nv.gov](mailto:regulations@ccb.nv.gov).

Notice of this meeting was posted on the Internet through the Cannabis Compliance Board website <https://ccb.nv.gov/public-meetings/> and on the Internet website maintained by the Legislative Counsel Bureau <http://leg.state.nv.us/> and the Department of Administration website <https://notice.nv.gov/>.
